Award Winners

Bob McLennan

Nominated by Jean Long-Manteufel

Bob is a member of the Appleton Kiwanis Club. In 1999, the Appleton Club started the Terrific Kids program at Columbus School. Bob has been leading the program from the start. Each month he and other members of the Club go to the school and reward the students for achieving goals that they have set with their teacher. The students also receive a quarterly party and are recognized at the end of the year. Each year, about 95% of the students at Columbus receive recognition from Bob.

Being recognized by community leaders for their achievements is very meaningful to the students, and without Bob, this program would most likely fold. His "stick-to-it-ness" demonstrates that he really cares about the program and the kids.

Dolores Kitzinger

Nominated by Rose Heinz

Dolores was a teacher Johnston School for 30 years until retirement in 1993 when she returned to offer her services to teachers in Kindergarten, 1st, and 2nd grade classrooms.

In 1996 she joined the United Reading for Success Program and has been helping children hone their reading skills since then. She reads weekly to 1st, 2nd, and 4th graders.

She is also on-call to conduct tours of St. Elizabeth Hospital for children.

Ron Steindorf

Ron has been a volunteer for the United for Reading Success (UFRS) program for the past 13 years, and has served as a member of their Advisory Board since 2005. The program started in one elementary school and is now in 15 of the 16 Appleton schools with over 300 volunteers providing one-on-one tutoring for first grade students. As a substitute for both the reading and math programs, Ron currently volunteers once or twice a week.

Ron has also been involved with the Math Achievement Partnership (MAP) program since its inception eight years ago. He provides one-on-one tutoring for students in grades two through six.

What is Kiwanis?

Kiwanis was organized in Detroit, Michigan, USA, on January 21, 1915.

- Kiwanis focuses on the needs of ordinary people and children to create extraordinary life-changing moments.
 - Kiwanis and its Service Leadership Programs boast a membership of more than 600,000 men, women, and youth in nearly 16,000 clubs in more than 70 countries and geographic areas.
 - Members of Kiwanis and its Service Leadership Programs volunteer more than 21 million hours and invest more than \$113 million in their communities around the world.
 - Kiwanis is taking itself from a good organization to a truly great organization that defines excellence for service and leadership and builds leaders through service opportunities.
 - Kiwanis International is the only service organization that builds leaders at every level from the youngest Kiwanis kids all the way through several youth programs and adult programs. (Kiwanis Family of Programs)
 - Kiwanis' impact on the world will be measured by the 10 million young leaders it nurtures, rather than by the number of members it attracts.
- Kiwanis continues its service emphasis of “Young Children: Priority One,” which focuses on the special needs of children from prenatal development to age 5. In a typical year, “Young Children: Priority One” service projects involve more than US\$14 million and 1 million volunteer hours.
 - In 1994, Kiwanis launched its first Worldwide Service Project, a \$75 million campaign in partnership with UNICEF to eliminate iodine deficiency disorders by the year 2000. IDD projects have been funded in 95 nations. Kiwanis International Foundation has raised nearly \$100 million to eliminate IDD worldwide.
 - Kiwanis One Day occurs annually during the first weekend of April. It is an opportunity to unite Kiwanis-family members from around the globe and their communities in a dedicated day of action devoted to hands-on community service projects.
